

ATL Project Launch — Parent & Student Agreement

A program of The OxStem Foundation · Sign online at atlprojectlaunch.com/sign, or sign this page and return it.

Please read before signing. This is a legal agreement. By signing, you agree not to sue the people and organizations that run and support this program if your student is hurt, even if it is caused by their carelessness (negligence).

1. Who this protects

ATL Project Launch; The OxStem Foundation; Chandler McCormack; Atlanta Public Schools; the companies we visit; speakers, mentors, and judges; Pi and other assessment and survey providers; sponsors; and everyone who works for or volunteers with them (together, the **“Program Team”**). Each is responsible only for its own actions.

2. Taking part

Activities include company tours, workshops, mentoring, career assessments, a pitch competition, possible internships, events, and travel to and from them, in person and online. Taking part is free and voluntary, and no job, internship, or prize is promised. My student will follow program and host company rules and may be removed for unsafe behavior. Ideas my student shares with mentors and judges stay my student's, but are not kept confidential.

3. Risks, release, and promise not to sue

Every activity has some risk, such as accidents while traveling, hazards at workplaces, illness or allergic reactions, and lost or damaged belongings. **I understand and accept these risks. I give up my right, and to the extent the law allows my student's right, to sue the Program Team for any injury, illness, death, or loss connected to the program, even if caused by their carelessness (negligence). If anyone brings such a claim for my student or me, I will cover the Program Team's legal costs.** A student who is 18, or turns 18 and keeps taking part, agrees to this too.

This agreement does not protect anyone from responsibility for gross negligence, intentional harm, or abuse of any kind.

4. Medical care

If I can't be reached in an emergency, the Program Team may get medical care for my student. I am responsible for medical costs.

5. Student information

The program may collect my student's application, contact, assessment (including Pi), attendance, and medical information, and share only what each person needs: a short profile with mentors and host companies, contact details for building check-in, and medical details for safety. It is never sold or used for ads, and grades, scores, health, and contact details are never published. Questions or requests to delete: hello@atlprojectlaunch.com.

6. Photos

The Program Team, including host companies, may take and share photos and video of program activities, including team photos, using first names only, to tell people about the program, never to advertise products. This applies unless I check the box:

☐ **I do NOT agree to photos.** My student may still appear in the background of group shots.

7. The fine print

Georgia law applies. Disputes go first to mediation in Atlanta, then to the courts of Fulton County. If any part is not enforceable, the rest still applies. This covers the 2026–27 program year and any later year my student takes part. I am the student's parent or legal guardian. Electronic signatures count the same as signing on paper.

We have read this agreement, had the chance to ask questions, and sign it voluntarily.

Student full name	Grade	Date of birth	School
